

LETTERS TO LEADERS

By

Dr. William E. Kaiser

April 20, 2005

As I was driving to California early in March, the Holy Spirit spoke to my heart a list of words starting with the letter “**P**” that define the process of Christianity. They also define the process of leadership preparation; the process of becoming Christ-like.

God's Plans and Purposes are

Perfect, Pure, and Precious.

These Plans and Purposes are Produced through

Preparation with Persecution.

These Plans and Purposes are made Possible by

Provision, even Prosperity.

These Plans and Purposes Produce

Peace that Passes understanding.

I will let you do your own sermonizing on this list of “**P**” words.

This I will emphasize. Persecution does not come from God. It comes from the Devil, the flesh, and the brethren.

We will however seek God more in times of Persecution than when things are going easy. Because we seek God in desperation during persecution, God hears and answers. The answers are often found in God changing us rather than God changing the circumstances (Although God is well able to change circumstances.)

It is through God changing us that we find Provision, for Plans and Purposes of God that brings such Peace.

Learn how to be desperate with God when there is no persecution so when Persecution comes, desperation with God is not an unfamiliar place.

In His service
