HUNGER BRINGS REVIVAL

As we observe people of the world rising up against leadership and governments, we realize they are driven by hunger; a hunger for food, prosperity and respect. This hunger produced a strong cry for help. When God's people cry out to Him with a spiritual passion, out of hunger for more, God sits up and takes notice. He sends revival.

CHANGE RESULTS

When God moves in response to His people's cry, the Holy Spirit produces change in our lives. This change first happens individually. Out of the individual change comes a collective change in the body of Christ. This is called revival.

WHAT CHANGES

There are a wide range of changes that God will do. The outward changes we call miracles, healing, prosperity, harmony among His people, etc. There are however, the unseen changes that may be more profound or consequential than the outward miracles. These changes we call the fruit of the Spirit; love, Joy, peace, patience, goodness, kindness, meekness, temperance, and faith. These are the changes that bring contentment. They are just as much a miracle as the outward. They require just as much operation of the Holy Spirit as the outward miracles.

KEY TO INWARD CHANGE

The key to these inward changes is a discontent within ourselves. We need to recognize that our primary discontent is not with our bodies or bank account or social standing. Our primary discontent is with ourselves; our self-disappointment, our selfishness. We must recognize this before we will rise up and cry out to God for change within ourselves.

RESULT OF CHANGE

The result of this change within ourselves is simple that we take no satisfaction for just living for self, but we discover the satisfaction that comes by helping others before ourselves; helping others, even without receiving credit for it.

WORLD WILL SEE

When this revival-change comes, and we spontaneously serve others, the world will see that Christians live by their creed. They will see we are His disciples.

INSPIRATIONAL LEADERSHIP

As leaders, we can be pioneers in this revival-change breakthrough. When God's people clearly see

the love of God in us, they will receive from us. They will be hungry for more. They will cry out to God and He will send revival-change.
